NOTICE OF TERMINATION FOR CONVENIENCE

This is to notify you that contract EP-S7-13-09, award date 9/27/2013, is hereby terminated for convenience effective December 24, 2013 per FAR 52.249-4, TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (FIXED-PRICE) (SHORT FORM) (APR 1984). This is a complete termination. Your contract is terminated as corrective action taken as a result of a GAO protest filed against this contract award.

As a result of this termination, Prudent shall take the following steps:

- 1) Stop all pre-mobilization activities;
- 2) Keep adequate record of your compliance with 1) above, showing the date you received the Notice of Termination and effective date of the termination;
- 3) Furnish a notice of termination to each immediate subcontractor and supplier affected by this termination, specifying your Government contract number; state that the contract has been terminated completely; provide instructions to place no orders, make no shipments, and terminate all subcontracts under the contract;
- 4) Notify the Contracting Officer of all pending legal proceedings that are based on subcontracts or purchase orders under the contract, or in which a lien has been or may be placed and promptly notify the Contracting Officer of any such proceedings that are filed after receipt of this Notice;
- 5) Take any other action required by the Contracting Officer or under the Termination clause in the contract.

As work has not commenced, establishing that all prime and subcontractor termination inventory has been properly accounted for is not applicable.

You remain liable to your subcontractors and suppliers for proposals arising because of the termination of their subcontracts or orders. You are requested to settle these settlement proposals as promptly as possible. For purposes of reimbursement by the Government, settlements will be governed by the provisions of Part 49.

If this termination, together with other outstanding terminations, will necessitate a significant reduction in your work force, you are urged to:

- 1) Promptly inform the local State Employment Service of your reduction-in-force schedule in numbers and occupations, so that the Service can take timely action in assisting displaced workers.
- 2) Give affected employees maximum practical advance notice of the employment reduction and inform them of the facilities and services available to them through the local State Employment Service offices;
- 3) Advise affected employees to file applications with the State Employment Service to qualify for unemployment insurance, if necessary;
- 4) Inform officials of local unions having agreements with you of the impending reduction-in-force; and
- 5) Inform the local Chamber of Commerce and other appropriate organizations which are prepared to offer practical assistance in finding employment for displaced workers of the impending reduction-in-force.
- 6) If practicable, urge subcontractors to take similar actions to those described above.

The Contracting Officer who will be in charge of the settlement of this termination and who will, upon request, provide the necessary settlement forms, is Marie Noel. However, in her absence from the office, Contracting Officer Melissa Witcher will also work to finalize settlement to this action.

Please acknowledge receipt of this notice as provided.
